

### Vishwamandal Sevashram - Dhule, Maharashtra

The schools provide informal education for the children coming from the Bhil tribe in various regions of Dhule district in Maharashtra. Due to the isolation of the region, there are no functional government schools for the tribal children to attend, thus the need for the classes run under this project.

It benefits the tribal children and helps them integrate from Non formal Education classes (NFE) to Government school. Asha Zurich supports the salary for the teachers and the supervisor and procurement of educational material for the children.

Project Status: Running smoothly since 2005.

Budget for 2015: approx 19,000 CHF

Making a difference is easier than you might think

In addition, the Vishwamandal Sevashram undertakes various other development projects such as watershed development, organic farming and medical training among others, and has a long history of developmental work in the area. This project empowers the thoughts of parents as well as children.

!!!! Children are building blocks of nation  
and one child towards education means one  
step towards strong nation !!!!

Making a difference is easier than you might think
